

Watson Farms

2020 Pool Season Restrictions

If the following rules are not followed; the pool may be closed for the season.

- Please do not enter the pool area if you have a cough, fever, or other symptoms of illness or have been around anyone within the last 14 days that was diagnosed with Covid-19 or any infectious disease.
- The danger of contracting Covid-19 and other infectious diseases exists if you choose to enter this aquatic facility.
- In compliance with Indiana and Marion County's Occupancy Standards, the main pool cannot exceed 90 persons. Our pool is monitored during the 45 minutes of active swim time. There is a 15 minute break for the Lifeguard for cleaning and a break in which it is NOT monitored. Please ensure that you are not exceeding the pool capacity before entering the pool.
- Please consider limiting your time at the pool on busy days so that others may have an opportunity to use the facility.
- Please remember to rinse off in showers provided before entering the pool.
- Washing hands throughout your visit and after using restroom is highly encouraged.
- The wading pool with fountain will not be accessible during this time.
- All chairs and tables will be stored in the wading pool area and will not be accessible to the residents for use. **You will need to bring your own chairs and not leave them.** Any chairs left will be disposed of daily. Please remember to practice social distancing and keep your group 6' away.
- Should Pyle's Pools come during open hours to disinfect the pool area, all occupants must temporarily exit the pool area – **NO EXCEPTIONS**. Please comply in a friendly manner with the worker – they are cleaning for your safety. Cleaning products might cause an allergic reaction. Your signature to this form is releasing us of any medical liability.
- During this time, we are **not** allowing guests. Only residents are allowed until all restrictions have been lifted. Please do not ignore this rule and be kind to the lifeguard who will be enforcing it.
- If you choose to wear a face mask while at the pool, it **MUST NOT** be worn while in the pool. Doing so represents a drowning hazard.
- Pool toys should be kept to a bare minimum. Life jackets, water wings/rings are allowed.
- Please do not bring inflatables, they will not be allowed.
- Please act responsibly and respectfully. Someone may have vastly different opinions regarding social distancing. Everyone has a right to their opinion but please keep to yourself.
- Failure to comply with these restrictions will result in you being asked to leave and possibly restricted from use of the pool for the calendar year.

By signing below, you have acknowledged the above restrictions for all the occupants within your residence using the Watson Farms pool. Thank you for your patience during this ever-changing time. If resident chooses not to sign, unfortunately pool bands will not be given to the resident.
